**MDX PROJECT/SERVICE TITLE: SYSTEMWIDE EMERGENCY DEBRIS REMOVAL**

---

- (2) The term *Personal Conflict of Interest* as used herein means a relationship of an employee, Subcontractor, or the employees of a Subcontractor with an entity that will or may impair the objectivity of the employee, Subcontractor employee, or Subcontractor in performing the Work.

In emergency situations, however, Work may begin, but notification of Conflicts of Interest shall be made in writing to MDX's Executive Director or his or her delegate within five (5) Business Days.

The Contractor agrees that if a Conflict of Interest is identified during performance, the Contractor will immediately make a full disclosure in writing to MDX's Executive Director or his or her delegate. This disclosure shall include a description of actions, which the Contractor has taken or proposes to take, after consultation with MDX, to avoid, mitigate, or neutralize the Conflict of Interest. The Contractor shall discontinue any relevant performance until notified by MDX's Executive Director or his or her delegate of any contrary action to be taken.

MDX may, at its sole discretion, withhold payments due or which may become due, suspend the Work, terminate this Contract for convenience, in whole or in part, if it deems such termination necessary to avoid a Conflict of Interest, or pursue such other remedies as may be permitted by law or this Contract. If the Contractor was aware of a Conflict of Interest prior to award or discovered a Conflict of Interest after award and did not disclose it, or misrepresented relevant information to MDX, or MDX becomes aware of a Conflict of Interest that was not disclosed by the Contractor, MDX may at its sole discretion, withhold payments due or which may become due, suspend the Work, terminate the Contract in whole or in part for default, or pursue such other remedies as may be permitted by law or this Contract.

- (3) The Contractor agrees in advance that if any quotes are submitted for any work that would require written approval of MDX prior to entering into another contract subject to the restrictions of this section, then the quotes are submitted at the Contractor's own risk. Therefore, no claim shall be made against MDX to recover quote costs as a direct cost whether the request for authorization to enter into the other contract is denied or approved.

A review process available to the Contractor when an adverse determination is received shall consist of a request for reconsideration to MDX's Executive Director or his or her delegate and a request for review submitted to MDX's Operations Committee. An adverse determination resulting from a request for reconsideration by the MDX Executive Director or his or her delegate will not preclude the Contractor from requesting a review by MDX's Operations Committee.

Either a request for review or a request for reconsideration must be submitted to the appropriate level within thirty (30) Calendar Days after receipt of the initial adverse determination.

The Contractor agrees to insert in each Subcontractor contract hereunder, provisions which shall conform substantially to the language of the subsection entitled Conflicts of Interest, including this paragraph. The Contractor may request in writing that MDX's Executive Director or his or her delegate exempt from this Conflicts of Interest subsection a particular Subcontractor contract for certain technical or contractor work. MDX will review and evaluate each request on a case-by-case basis before approving or disapproving the request.

The Contractor agrees to insert in each Subcontractor contract hereunder the requirement that any Subcontractor who performs Work as a Subcontractor pursuant to this Contract and wishes to submit a quote either as a prime Contractor or as a Subcontractor on any MDX procurement, shall request in writing a determination from MDX that they may participate in the specific MDX procurement prior to the quote submittal date. Such written request shall include justification as to why there is no Conflict of Interest in this situation. Failure to do so may result in the Subcontractor's proposal being deemed non-responsive.

In addition to all other requirements of the Contract Documents related to avoidance and disclosures of Conflict of Interest, the Contractor is also required to annually submit to the MDX Ethics Officer the **MDX Annual Disclosure Form**, incorporated herein by reference and found in the MDX website, and provide the following information:

- (3) Any and all interest in real property held by the Contractor or the immediate family member of the Contractor, if such real property is located in or within a ½ mile radius of any actual or prospective MDX project. Prior to the execution of the Contract, the Contractor has been provided a corridor map and a related property ownership list for all real property within the disclosure area, and an alignment map with a list of associated owners.
