The Design-Build Firm shall prepare and submit a Conflict of Interest (COI) Plan within twenty (20) business days after the execution of this Contract or any other time requested by MDX, which outlines the procedures in place to avoid, neutralize or mitigate Conflicts of Interest, whether actual or potential, personal or organizational, throughout the period of performance of the Contract. The Design-Build Firm's COI Plan is a document which describes the procedures the Design-Build Firm uses to identify and report COI's. Generally, a corporate COI plan will describe how a company, in its entirety, addresses conflicts, and will not be contract or program specific.

The plan may also describe the options a company will consider proposing to avoid, neutralize, or mitigate a COI whenever a Conflict of Interest is identified. The plan shall be evaluated and approved by MDX. The plan shall address step by step the checks and balances in place to detect any potential or actual Conflicts of Interest that could result from activities covered in the Contract Documents.

The Design-Build Firm's obligations with regard to providing notice of Conflict of Interest situations shall apply until the expiration date of this Contract. The Design-Build Firm agrees to:

- (1) Immediately notify MDX's Executive Director or his or her delegate when the Design-Build Firm becomes aware of any Conflicts of Interest.
- (2) Immediately notify MDX's Executive Director or his or her delegate prior to incurring costs for any Work when a Conflict of Interest situation may or does exist.

In the event that the Conflict of Interest does not become known until after performance of the Contract begins, the Design-Build Firm shall immediately notify MDX's Executive Director or his or her delegate of the Conflict of Interest. The Design-Build Firm shall cease performance of this Contract until notified by MDX's Executive Director or his or her delegate of the appropriate action to be taken. The parties to this Contract agree that the Design-Build Firm will be restricted in its future contracting in the manner described below.

- (1) The Design-Build Firm may be ineligible to participate in any MDX solicitations and ensuing MDX contracts, either as a prime Design-Build Firm or Subcontractor or Subconsultant.
- (2) The Design-Build Firm, during the life of this Contract, shall be ineligible to enter into any contract with individuals or firms to perform work on projects related to the Work performed under this Contract unless otherwise authorized in writing by MDX's Executive Director or his or her delegate.
- (3) The Design-Build Firm agrees in advance that if any bids/proposals are submitted for any work that would require written approval of MDX prior to entering into another contract subject to the restrictions of this section, then the bids/proposals are submitted at the Design-Build Firm's own risk. Therefore, no claim shall be made against MDX to recover bid/proposal costs as a direct cost whether the request for authorization to enter into the other contract is denied or approved.

A review process available to the Design-Build Firm when an adverse determination is received shall consist of a request for reconsideration to MDX's Executive Director or his or her delegate and a request for review submitted to MDX's Operations Committee.

An adverse determination resulting from a request for reconsideration by the MDX Executive Director or his or her delegate will not preclude the Design-Build Firm from requesting a review by MDX's Operations Committee. Either a request for review or a request for reconsideration must be submitted to the appropriate level within thirty (30) calendar days after receipt of the initial adverse determination.

The Design-Build Firm agrees to insert in each Subcontractor/Subconsultant contract hereunder, provisions which shall conform substantially to the language of the subsection entitled **Conflicts of Interest**, including this paragraph. The Design-Build Firm may request in writing that MDX's Executive Director or his or her delegate exempt from this Conflicts of Interest subsection a particular Subcontractor/Subconsultant contract for certain technical or contractor work.

MDX will review and evaluate each request on a case-by-case basis before approving or disapproving the request.

The Design-Build Firm agrees to insert in each Subcontractor/Subconsultant contract hereunder the requirement that any Subcontractor/Subconsultant who performs Work as a Subcontractor/Subconsultant pursuant to this Contract and wishes to submit a proposal or bid, either as a prime Design-Build Firm or as a Subcontractor/Subconsultant on any MDX procurement, shall request in writing a determination from MDX that they may participate in the specific MDX procurement prior to the proposal or bid submittal date. Such written request shall include justification as to why there is no Conflict of Interest in this situation. Failure to do so may result in the Subcontractor/Subconsultant's proposal being deemed non-responsive.

In addition to all other requirements of the Contract Documents related to avoidance and disclosures of Conflict of Interest, the Design-Build Firm is also required to annually submit to the MDX Ethics Officer the **MDX Annual Disclosure Form**, incorporated herein by reference and found in the MDX website, and provide the following information:

- (1) Any relationship that the Design-Build Firm has that will afford a current or future financial benefit to the Design-Build Firm, or to a relative or business associate of the Design-Build Firm, and which a reasonable person would conclude has the potential to create a prohibited Conflict of Interest.
- (2) Whether a relative of the Design-Build Firm is registered to lobby the Executive Branch of the State of Florida or the Florida Constitution Review Committee and, if so, the names of such lobbyist's clients must be provided in writing to the MDX Ethics Officer.
- (3) Any and all interest in real property held by the Design-Build Firm or the immediate family member of the Design-Build Firm, if such real property is located in or within a ½ mile radius of any actual or prospective MDX project. Prior to the execution of the Contract, the Design-Build Firm has been provided a corridor map and a related property ownership list for all real property within the disclosure area, and an alignment map with a list of associated owners.

The **MDX Annual Disclosure Form** must be submitted by the Design-Build Firm on the Effective Date of the Contract and updated every year on the same date. It is the Design-Build Firm's responsibility to obtain from MDX an updated corridor map and a property ownership list for all real property within the disclosure area, and an alignment map with a list of associated owners in order to properly complete the **MDX Annual Disclosure Form**.

26. THIRD-PARTY BENEFICIARY

It is specifically agreed between the parties executing the Contract that it is not intended by any of the provisions of any part of the Contract to create in the public or any member thereof, a third-party beneficiary hereunder, or to authorize anyone not a party to the Contract to maintain a suit for personal injuries, bodily injury or property damage pursuant to the terms or provisions of the Contract.

27. E-VERIFY REQUIREMENTS

U.S. law requires companies to employ only individuals who may legally work in the United States, either U.S. citizens, or foreign citizens who have the necessary authorization. Any Design-Build Firm providing work to MDX must verify the employment eligibility of employees through the U.S. Department of Homeland Security's E-Verify system. In addition, the Design-Build Firm shall verify that Subcontractors and Subconsultants performing Work on the Contract utilize the E-Verify system to verify the employment eligibility of employees hired by the Subcontractor or Subconsultant during the Contract Term.

MDX will consider the employment by any Design-Build Firm or Subcontractor or Subconsultant of unauthorized aliens a violation of section 274A(e) of the Immigration and Nationality Act. Such violation will be cause for unilateral cancellation of this Contract by MDX, if it is determined that the Design-Build Firm or Subcontractor or Subconsultant knowingly employs unauthorized aliens.
